SUBJECT NUMBER

USIB-EE-35./19 Item 2 on the Agenda for the Twenty-third (Special)
Meeting of the ELINT Committee, held on 15 January 1960.

Subject: Emergency Planning

PROBLEM:

To consider revised emergency plan submitted by the Ad Hoc Committee reflecting the recommendations of the Steering Group.

DISCUSSION:

FOIAb3c
NSA
[REDACTED] Chairman of the Ad Hoc Group reported on the amendments which had been made in the Committee's ELINT plan in response to the recommendations of the Steering Group. He handed out a change sheet recommending certain amendments which had been proposed by the Joint Staff Member and approved by the Army, Navy and NSA Members.

The Air Force Member started a discussion on the matter of liaison under conditions of total or partial evacuation. This discussion was broadened to include the community's understanding of channels and the general functions of liaison.

As the Ad Hoc Group is scheduled to discuss the matter with the Chairman of the Steering Group, the CIA Member recommended that the paper be returned to the working group for submission of a revised version after this conference. This was agreed.

(The Ad Hoc Committee has scheduled a meeting for Monday,
18 January at 1330 hours, place to be announced by the Chairman)

DECISION: (15 January 1960)

To defer for consideration at the next regular meeting, pending submission of a revision resulting from the Ad Hoc Committee's conference with the Chairman of the Steering Group.

USIB-EE-~~5.5/23~~^{5.5/9} Item 3 on the Agenda for the Twenty-third (Special) Meeting of the ELINT Committee, held on 15 January 1960.

Subject: U. S. COMINT and ELINT PROGRAMS.

PROBLEM:

To consider Committee action required as a result of USIB review of USIB-C-5./6, and to concur with the COMINT Committee in a revision for Board consideration in light of the Board discussion.

DISCUSSION:

USIB-C-5./7, a memorandum to USIB which had been approved by the COMINT Committee, was circulated for consideration of the Members.

The Chairman and the Executive Secretary outlined the background of the problem. The Members discussed the matter at length, and there was some question with regard to the 15 March target date for completion of ELINT priority requirements. It was agreed, however, that it was desirable to make every effort to meet this date, and it was accepted.

"The NSA Member noted that his Agency was working on a requirements paper and suggested that this might be used as a basis for determining how to proceed with the required revision." requirements

limitations of the Committee's responsibilities in this field. It was generally agreed that it was the task of the Committee to decide if programs meet requirements. limita-

On a move by the NSA Member, seconded by the Army Member, the memorandum to USIB was approved.

DECISION: (15 January 1960)

To concur in the memorandum to USIB (USIB-C-5./7) and submit it to the Board as the joint views of the ELINT and COMINT Committees in the matter.

ACTION FOR THE U. S. INTELLIGENCE BOARD:

To consider approval of the memorandum of 14 January 1960 on U. S. COMINT and ELINT programs submitted by the two Committees.

USIB-EE-5./24

Item 4 on the Agenda for the Twenty-third (Special) Meeting of the ELINT Committee, held on 15 January 1960.

Subject: Elint Committee Actions in Fulfillment of its Basic Obligations and Responsibilities.

PROBLEM:

To consider report submitted by the Executive Secretary and determine what, if any, resultant action should be undertaken.

DISCUSSION:

The Executive Secretary outlined the background leading up to his report which had been requested by the Members at the Twenty-second Meeting. In discussion, two problems were considered:

a. What to do about Paragraph 3d of DCID No. 6/2, of which the Committee has taken no cognizance.

b. What to do about revision of ELINT requirements and priorities which now has a target date of 15 March for completion. (The result of action taken with regard to the U. S. COMINT and ELINT programs.)

With regard to a. above, the Members agreed that an informal group would consider ways and means of attacking the problem and propose a course of action to the Committee at a later date. This group would be composed of representatives from CIA, Joint Staff, NSA and Navy, which can be joined by others as desired.

With regard to b., at the Chairman's suggestion, the Members agreed to defer consideration until submission of a paper which the NSA Member indicated his Agency was working on, and with this as a basis of discussion, to decide on a subsequent course of action.

DECISION: (15 January 1960)

To defer to a subsequent meeting, pending informal resolution of certain questions on methods of procedure.
